## EXPERIENCE

---

### Participated in Ureckathon

Hackathon of Ureckon, Tech fest organised by Uem, Kolkata  
*Developed the auth of the website and some frontend pages*

### Secured 3rd Position in Spyder

Web Dev competition, Tech fest organised by Uem, Kolkata

## PROJECTS

---

### Music School Website

*Technologies: Next.js, Aceternity UI*

It is an Music School Website with beautiful UI

Used Aceternity UI which is fairly new library and buggy. Faced a lot of challenges in solving the bugs

### Fluxion

*Technologies: MERN stack*

Fluxion is an online platform designed to streamline drainage complaints, providing users with a convenient way to report and address drainage issues in their communities.

Developed the complete backend from scratch of this project and few parts of frontend
